Rev. J. H. of Conneville, was here Tuesday calling on friends.

Dr. J. H. Cotton was a business caller at Ohio Tuesday.

WE WILL FURNISH YOUR ROOM, FLAT or HOUSE—LET YOU PAY SLOWLY.

—That is "The Aaron Way" of giving credit. It is the simplest business proposition in the world. There is no string of "red tape," no annoying details. We do it because more people buy on credit than on cash; and because young couples especially need the assistance of clean, honorable credit in founding their home.

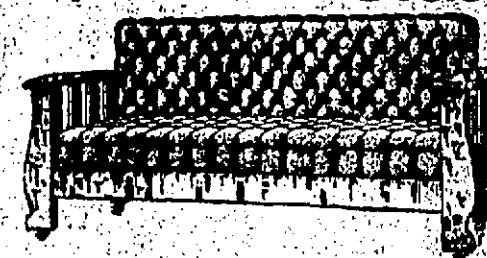

—As for the furniture we handle, it is the very best in the wide wide world. We have exclusive agency in Western Pennsylvania for the best known and most reliable brands of furniture. It is pure folly for you to buy unknown kinds. It is a gamble in which all the chances are against you. You should avoid it as you would the plague.

—We have such a big Buying Organization that we can enter the markets and command the lowest possible prices. Without this power we would be compelled to charge you extra for a credit accommodation. As it is, we do not charge a cent extra. When you're ready to fix up your house, room or flat make up your mind to "See Aaron's First."

The Leonard Cleanable Refrigerator is Easy to Clean.

Each provision chamber is all one solid piece with rounded corner; not a crack, hole or crevice for grease and germs to lodge. Shelves and drain pipe are instantly removable. It is then but the work of a minute to clean the smooth, white walls of porcelain, with no obstructions of any kind to hinder. A stream of water sent through the drain pipe quickly empties that of any dirt or obstructions, drain pipe and the shelves can be set back in a twinkling—and it's just as easy as it sounds. There is no refrigerator as good as the Leonard Cleanable and none you will like better after you see it. Twelve walls to save the ice. Come in and let us show you its value.

STEEL PROBES

AND STEEL PURCHASES.

The Steel Corporation problems at Washington who are trying to manufacture Democratic campaign material are not making much out of Judge Gary. His frankness has been most disconcerting to his designing ingenuiters. It is evident from the testimony and the questions propounded to the witnesses that the Probe has been laboring under some serious misapprehensions, and that the light they are getting is not to their liking.

The recent purchase of the Pittsburgh Coal Company's coke plant properties in Fayette, Greene and Washington counties, for example, was brought forth for the purpose of showing that the Steel Corporation was about to monopolize the Conneltsville coke industry. If that purchase is monopoly it is the kind of monopoly that seems to be immensely pleasing to the Conneltsville coke operators. This purchase is welcomed warmly and even enthusiastically by the merchant operators. They think it improves their condition materially. Holders of coke lands think it will add to their value. The public generally has never regarded the H. C. Frick Coke Company as an oppressor, because that company has always paid the highest wages and been the most liberal in its treatment of labor. There is nothing in the purchase alarming to the Conneltsville coke region's industries or the property of all its people.

The Pittsburgh Coal Company was glad to dispose of its coke plant holdings. They represent a relatively small portion of its property. Its business is the mining and shipping of coal. Its coke operations represented less than 1,000 ovens out of 40,000 in the Conneltsville region. In the coke trade it was a small factor. But the final and the moving reason of its willingness if not its eagerness to dispose of its coke interests was that it needed the money. It is no secret that Pittsburgh coal dividends have not been very large and that its bonded debt has been something of an incubus. This sale will rehabilitate the finances of the company and place it upon an impregnable basis.

The Steel Corporation's reason for buying are quite as plain, in spite of some very labored and some very ludicrous explanations of some people who confessedly know nothing about it. The H. C. Frick Coke Company has been the leading operating interest in the Conneltsville region for years. It has a majority of the coke ovens now, but it has a number of plants at which the coal is almost exhausted or soon will be. It needs more coal to conserve its future demands. It is the fixed policy of the Steel Corporation to provide against the future, especially in the matter of raw material supplies. The addition to its Conneltsville holdings is made in pursuance of this policy and not with any view to monopoly in coke. Its coke does not enter the market and it is no sense competitive with the production of merchant operators.

The Steel Probe will know more when they get through with Judge Gary, but they won't be much further on their way.

The Steel Probe have succeeded in showing that the big combine is due chiefly to the initiative of Henry C. Frick and Charles Schwab, a President of the Steel Corporation, who composed the referendum. The Probe would like to issue a libel, but they are not likely to succeed.

Death sometimes rides in the thunderstorm.

The Uniontown Herald refers to the "city" school announcement. Such ignorance is deplorable. Uniontown is a borough. There is only one city in Fayette county.

Postmaster Kirby gets another raise, not on account of the High Cost of Living but perhaps on account of the High Tariff which has contributed to keep Conneltsville industries moving and increase the business of the Conneltsville postoffice.

The Western Maryland may not become a New York Central line just now or ever, but it will be a part of the New York Central system, and so far as Conneltsville is concerned that will be just as good.

Congressman Grago is getting busy for his constituents even if it is a Democratic session.

The Democratic Steel Probe wouldn't agree with Judge Gary concerning the character of Constructive Statehouse tip, but it will have to admit that the Judge is master of the art of Constructive Finance.

When Decey Threatened Freerer. Greenburg, Pa. When Judge Robert L. Umel opened court over in Fayette county yesterday morning he called before him the constables of the county and instructed in a heart to heart talk Judge Umel told the constables the responsibility of their place and simply ordered them to bring into court a report of all violations of the law in their several districts. The threat which shook in Fayette just as they did the law and the lightning in Greenburg were pointed out as targets for the constables and their officers were ordered to go to their work with a view of seeing that all law breakers were properly punished. Decey threatened Freerer after Judge Umel had concluded his charge.

IS THIS SPORT?

WASHINGTON CORRESPONDENCE.

WASHINGTON, D. C., June 8.—The United States will have a naval auxiliary reserve, the bill introduced by Representative Hobson, here of the Morning, is enacted into law. The Hobson bill provides for the enrollment of American built and owned steamships engaged in foreign trade as a reserve force on sea. The vessels are to be suitable for use as transports or colliers or as scout and auxiliary vessels. The Secretary of the Navy is authorized to make contracts with the owners of such vessels for terms not less than five nor more than fifteen years, with rates of compensation based upon the original contract cost of the vessels. They shall be obligated to carry out without compensation in return.

During the life of the contract the owners of such vessels are to be required to keep them in efficient condition, ready for active service. The steamships are to be subject to charter by the Secretary of the Navy at any time in case of charter the United States is authorized to make any and all changes necessary for the proposed use to which the vessel is to be put, but under agreement to restore the vessel in her original condition after she has completed her service. Compensation of owners in case the vessel is lost in the service of the United States is provided.

For two weeks every other year, the officers, crews, and equipment of vessels under the proposed contract, with the exception of the crew, are to be required to attend maneuvers in conjunction with the navy for a period of two weeks. All of the officers, the chief petty officers and half the petty officers of such ships must be American citizens. The vessels to be used as colliers are required to have a speed of at least two knots greater than that of the fastest battleship of the U. S. Navy and have a steaming radius of 4,000 miles. Those designed for use as colliers and transports shall have a steaming radius of at least 4,000 miles and a speed not less than two knots greater than the speed required of cruising squadrons in the United States navy.

The Japanese have followed the lead of the United States in legislation to secure the abolition of child labor, the safety of the employee, and sanitary conditions in factories, according to information received at the Department of State.

Under the new laws, persons under 12 years of age may not be employed in any factory. Persons under 12 years of age and women may not be employed more than 10 hours a day, nor for the night or repairing of dangerous machinery. All shall have at least two holidays a month. Persons under 18 shall not be employed in the handling of poisons, injurious chemicals, or explosives.

All persons working more than six hours a day shall have a recess during working hours of at least 30 minutes, and if working more than 10 hours the recess shall be at least one hour. Persons working alternately in day and night shifts shall have at least four holidays a month, and the working hours shall be alternated at least once every ten days.

DEPUTIES ARE SENTENCED.
Seventeen Men Found Guilty of Violating an Injunction.
GREENSBURG, Pa., June 8.—(Special.)—Seventeen striking miners, four of whom are deputy sheriffs appointed by Sheriff J. W. Shields to keep order, were sent to jail yesterday for 30 days on a charge of violating an injunction issued last summer prohibiting them from marching past company property.

Officials of the Westmoreland Coal Company's mine at Export made complaint against 70 men and Judges A. D. McConnell ordered them to appear in court today. Only 17 could be found. The court putters are John Colwell, Joseph Grevel, Joseph Wentz and Fred Grace.

An Infant Dies.
Charles D. Hanford, small son of William and Mary Hanford aged 1 year 1 month and 22 days, died yesterday at the family residence on Line street.

Funeral tomorrow morning at 10 o'clock. Interment in Hill Grove cemetery.

Fifty Years Ago Today.
June 8.

Tennessee voted for secession. Military experts in Washington declared their belief that the Confederate generals would not risk a battle at Manassas Junction or Harpers Ferry, but would fall back on Richmond and make a stand there.

Twenty-five Years Ago Today.

The British cabinet decided on immediate dissolution of parliament and appeal to the country on the home rule question. More rioting in Belfast of much graver aspect; police fired upon and houses wrecked.

"I see that these new government postal savings banks won't take more than 500 of your plunks at a time."
"Oh, but what's that? Consider side wings at us plutocrats!"

Inventory Month—Great Clearance Sale

Starting June 1st, The Union Supply Company, will inaugurate in every department of every one of their 63 stores, a great clearance sale. June is our semi-annual inventory month. It is the time we select for reducing stock; moving out all surplus. It is the time everybody in the coke region takes advantage of the reduced prices, and it is the time everybody making purchases saves money. The inventory sale is going to offer this season special runs on shoes and made up raiment for men, women, boys and girls.

CLEARANCE SALE INVENTORY BARGAINS

We believe the shoe bargains we are going to offer this month, will be the most sensational ever seen in the coke region. If there is one department in our stores that is entirely too heavily loaded with stock, it is the shoe department. We are going to reduce them and take this means of doing it. They are general lines. The daintiest styles that the market produces for the women; the most comfortable lasts that can be made for the men; good strong knock-a-bouts for the boys; tasty nice styles for the girls and children. The Oxfords are numerous; prices are going to be cut so low that everybody can buy a pair reasonably.

NEW BUILDING IS BEING PLANNED FOR.

Scottdale Y. M. C. A. Is
Bringing Matter Before
the People.

20 YEARS OF WORK IN TOWN

Needs for More Facilities Adequate to
the Demands Made Upon the Asso-
ciation Causes Board of Directors to
Take This Important Step.

Special to The Courier.
SCOTSDALE, June 8.—The Board of Directors of the Young Men's Christian Association have decided that this is the opportune time to put before the people of this community the plan for a new Y. M. C. A. building. For over a score of years the association has been successfully conducting its activities during the last few years for outstripping the facilities afforded. The Board of Directors have given this matter much thought and are firmly of the opinion that the future of the organization rests with this building. The necessity for a building of the association's own, fitted properly for the big work being done, here and so that the association may extend its usefulness to the community in ratio to the demand upon it, has been apparent for some time.

There are some who say that the times are not so good as they should be, but this is not the answer that no town can wait until every condition is favorable. The spirit of the demand for a building is what counts more than material things, for with much money there is in many cases slight demand perhaps for such an organization. The needs have been shown so plainly that the association has concluded that this is the occasion to try to fill these requirements of benefit to the community. Every surrounding circumstance is favorable to the great work, and as a matter of civic pride, if for nothing else, it is pointed out that, beside all these demands, other towns no larger, with in some cases no such activity as here, are the possessors of or are building their own homes.

C. F. Fought of the State organization is here and is making the plans for some definite work along the line of a new building, and the interesting of the people in the project.

Interesting Subjects.
Rev. C. W. Hendrickson, the pastor, has selected two interesting topics for his next Sunday services at the United Brethren Church. In the morning at 10.45 he will discuss "Fishing," the giving of one-tenth to the Lord, a subject that the pastor has studied on a great deal. There is a cordial invitation extended for all to be present who are at all interested in this Scriptural matter. In the evening at 7.50 the minister will speak on "Sinning Temptation," a sermon that it is believed will be particularly helpful to the newer church followers.

Lawn Party at McClure's.
The McClure Sunday School will give a box social and lawn party at McClure on Saturday evening, which is planned to be an interesting affair. Attending the service at St. Paul's Lutheran Church, is attending the Evangelical Conference of the Lutheran Church, which is being held in Perry this week.

Killed a Weasel.
All the chicken whorps in town applaud the feat of "Doc" and his wife, who have just killed a weasel. The weasel, which is somewhat fast of movement, if anyone should ask you. This terrible enemy of the chicken was killed by "Doc" and his wife, who were out for a walk. The weasel was killed by "Doc" and his wife, who were out for a walk. The weasel was killed by "Doc" and his wife, who were out for a walk.

Marlin Loucks, best known as "Doc" Loucks, has blossomed forth with one

of the handsomest wagons in town, while Joe, his handsome horse, is replete with new harness, that with patent leather and trimmings makes the horse fairly glow with good looks. This is the horse that regular passengers on the southbound train each morning are used to seeing at the Pittsburgh street crossing, where "Doc" rides the horse to get him accustomed to the train. "Doc" often draws up close to the windows of the passenger coaches, and holds conversation with those inside. Until the horse and his rider are looked for every morning, by the train crew and regular passengers.

The Bible Conference.
There were two largely attended union meetings in town last evening, one at the Lutheran church and one at the United Brethren Church. The meeting at the Baptist church this evening will be at 7.30 instead of 7.15 so that all who may desire can attend the Choral Society's concert. The Friday afternoon meetings will be at 2.30 and 7.45, and there will be a meeting on Saturday afternoon at 2.30. The Sunday meeting will be at 2.30 and 8.45.

The Best Elgin Butter.
Don't forget that we have the finest Elgin butter, delivered fresh to your door. Both phones, Connellsville Dairy Co.

Court Approves Coroner's Report

Court has approved the quarterly return of Coroner Harry J. Bell, and the papers showing full reports of all inquests and views during the past three months have been filed in the Prothonotary's office at Uniontown. During the quarter nine inquests were held and views of 13 bodies were made where no inquest was necessary. The inquests reported were made upon the following:

Frank Piccone who was shot at Sunning on May 21. Joe Lajwaleh and two brothers, charged with the murder, escaped. Louis Fruchillo whom Peter Mecluna, killed in self defense, died at the Connellsville hospital. Life was struck on the head with a pick. The infant child of Mrs. Lizzie Haney, smothered to death on April 13. At a habeas corpus hearing Mrs. Haney was released, there being insufficient testimony to hold her for infanticide.

Monte Piliaggi, murdered at Death on May 11. John Basso is in jail and will be tried in September for the murder. An unknown child, found buried along the roadside in German township. The infant had been killed by a blow on the head. The guilty person is unknown. Yee Tung Li, a Chinese laundryman at New Salem, died of fatty heart. He was found dead in the laundry. John H. Fuller who met death accidentally at Connellsville on May 4. Eber Kuhn's death resulted from an accident in a Connellsville laundry on May 2. Grant Noon whose death on March 12 at East Hillside was found to have been caused by natural causes.

The following dead bodies were viewed and no inquests held: Votcek Stokop, found dead in a barnyard at Death; Frank Yanick, killed in a mine at Thompson No. 2; Tony Maronick, found dead under the footbridge; John Comiskey, killed in the Connellsville yards; Peter Dostko, killed by a train at Newell; Matthew Kovacic, killed by fall of slate at Fayette City; Steve Fredro, electrocuted in Hiter mine; Mike Hordash, killed in a mine at Leisenring No. 1; Mike Kline, died in Connellsville hospital from injuries received in a mine; John Patterson, drowned in reservoir at Leisenring; John Sengels, killed in a mine at Republic; Rozalia Sabot, a child found dead in bed at Fairbanks; Frank Seljan, killed in a mine at Thompson No. 2.

Elected Delegates.
There will be Children's Day exercises held Sunday evening, June 11, at West Leisenring. Everybody is welcome to attend. Miss Mary M. Chipman and Della A. Fischer have been selected as delegates to attend the Sunday school convention at Brownsville on June 13 and 14.

Taken to Pittsburgh Hospital.
Miss Katharine Holmer, 438 Eighth street, West Side, who has been suffering from nervous prostration for some time, was taken to Pittsburgh yesterday afternoon and removed to St. Francis hospital for treatment. Her brother, Mr. J. Roland, accompanied her and returned home last night.

A Vast Difference

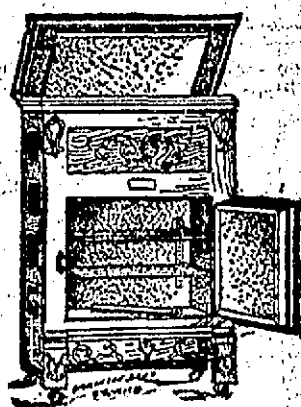

between our way of doing business and the ordinary store methods. A difference that YOU, Mr. or Mrs. Furniture Buyer cannot fully appreciate until you are numbered amongst our customers.

CO-OPERATION, THE PRICE LEVELER

Saves our hundreds of thousands of pleased customers, in the various cities in which our stores are located, a sum aggregating thousands of dollars yearly—a prepaid dividend, so to speak on their investment.

The loyalty of such a great body of people, exerting its influence to promulgate the growth of itself, redounds to its credit in dollars and cents. Our customers are willing workers and cheerfully combine their efforts with ours to add to their numbers.

As special inducements for you to co-operate in our profit-sharing plan, we offer the following which speak volumes for our ability to save you money.

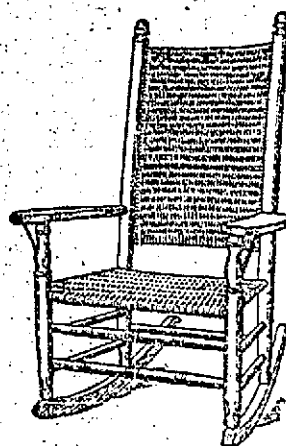

For Your Food

to be kept at just the right temperature, to retain its flavor, to be cooled by a sanitary circulation of dry air with no dampness whatever, with the smallest possible consumption of ice, get a Featherman Refrigerator. "What a Relief!"

Only the woman who has tried knows what comfort and relief a New Perfection Oil Cook-stove brings into the kitchen.

It is not only that the New Perfection cooks so well. It saves so much work in other ways. There are no ashes to clean up before going to bed; no fire to bank for the night. Everything is ready for cooking in the morning at a touch of a match.

You are saved from an overheated kitchen; saved from soot and dirt; saved from chopping wood and carrying coal. In the kitchen or the laundry, for the lightest or the most elaborate meal, you will find the New Perfection stove with the New Perfection oven is the best and most convenient.

**New Perfection
Oil Cook-stove**

Made with 1, 2 and 3 burners, with hot, burners, glass enclosed chimney, and a large oven. The New Perfection stove is the best and most convenient. It is not only that the New Perfection cooks so well. It saves so much work in other ways. There are no ashes to clean up before going to bed; no fire to bank for the night. Everything is ready for cooking in the morning at a touch of a match.

The Atlantic Refining Company
(Incorporated)

GENERAL PENSION FUND

For Soldiers' Widows and Minors by Congressmen T. S. Crago.

Congressman T. S. Crago has introduced a general pension bill for widows and minor children of deceased officers and enlisted men of the Spanish War and Philippine Insurrection, in which he served as captain in the Tenth Pennsylvania Infantry. There is no precedent for covering this phase of service in the interest of widows and children of such veterans.

Col. Crago, who is himself a veteran of the Spanish and Philippine wars, also introduced a bill to correct the military record of John Blum of Uniontown, Pa., who served in Company A, Fourteenth United States Regiment, and bills granting pensions or increase of pensions to David Forsythe of New Salem, Fayette county, Company D, Tenth Pennsylvania Infantry; United States Volunteers, to Charles J. Rosencrutz, Adolphus, Fayette county, Company D, Tenth Pennsylvania Infantry, war with Spain; John S. Derry of Uniontown, Company A, Twenty-first Michigan Infantry; Alfred Link of Uniontown, Company B, One Hundred and Sixty-eighth Pennsylvania Infantry; and Company K, Fifth Heavy Artillery, Twenty-fourth Regiment, Pennsylvania Volunteer Infantry; also a bill for the relief of Otto Barr of Whitley, Company E, Fourteenth Pennsylvania Volunteer Cavalry.

BAD DREAMS

Nightmare, Restlessness and Night-sweats All Caused by Indigestion.

Half of the nervousness in the world, all of the disturbing dreams and nightmares can be cured in a few weeks by a simple, inexpensive treatment guaranteed by A. A. Clarke.

Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritate the pneumogastric nerve that leads direct from the brain, and ends in a net work of tiny branches running through the stomach.

Have You Anything for Sale?
If so, try one of our classified ads. They cost only one cent a word, and bring results.

Peabody in Jail.
Frank Peabody, the Uniontown man who was arrested Monday in Detroit on a charge of forging two \$250 checks on the Producers' Coal Company, was committed to the county jail last night at 9 o'clock by Constable Milton Morris.

A Good Digestion

means a man or woman good for something—good work or pleasant times. Whoever has distress after eating, sick headaches, nausea, bad taste, unpleasant breath, cannot find good in anything, or be of much use in the world.

But these symptoms are only signs that the stomach needs a little care and attention and the aid that

**Beecham's
Pills**

can give. Safe, reliable, thoroughly tried, this family remedy has wonderful reviving power. They tone the stomach, liver and bowels—all organs of digestion. With these organs in good order, the whole system is better and stronger. Try a few doses and see for yourself what a splendid bodily condition Beecham's Pills

The Great Eruption Sale

To Merchants

Merchants can avail themselves in the purchase of any of these goods—nothing will be reserved. Retail or wholesale, our purpose is to dispose of the stock as quickly as possible.
Boston Wrecking Co.

An Unprecedented Avalanche of Red-Hot Bargains That Will Create a Sensation.

The Boston Wrecking Co. Has Purchased the Entire Stock and Will Sell it at Your Own Prices.

We have purchased the entire stock of Sedersky & Rapport (formerly known as Mace & Co.), with the understanding that we must deliver the vacant room to the new owners, the Feldstein-Levine Company, by July 20th.

And if the entire stock is not disposed of by that time we will be forced to ship the goods to our Boston office.

Hence you can understand that we must sell the entire stocks at once.

Now, we fully realize to sell these heavy stocks is a gigantic undertaking that requires the most powerful and drastic resources at our command. The surest and quickest way of accomplishing our purpose is to forget values and reduce prices so sharply that you will be glad to take this merchandise off our hands. Hence;

PRICES EXPLODE WITH AN AWFUL CRASH—A BARGAIN BROADSIDE THAT WILL SHATTER ALL RECORDS.

When you consider that we must sell these stocks before July 20th, you will realize that we stopped short at nothing that would help us in any way. Former prices are entirely out of question—we have gone about the task of cutting prices in a vigorous manner. And with an unsparing hand. In a great many instances one dollar will buy two, three and even four dollars' worth of high-grade desirable merchandise. So you can unhesitatingly believe us when we say that this sale will offer

BOSTON WRECKING CO.

Formerly Mace & Company

PITTSBURG STREET,

CONNELLSVILLE, PA.

Heavy Tonnage for Western Maryland

Upon the completion of the Western Maryland's new 51 mile extension from Cumberland, Md., to Connellsville, where connection will be made with the Pittsburgh & Lake Erie, with which the Western Maryland has a 22-year contract for interchange of traffic, there will be opened up the lowest grade line from the West, over the Alleghenies, to tidewater.

This extension will be completed and ready for operation by November 1 next. Under the terms of the contract with the Pittsburgh & Lake Erie, the Western Maryland obligates itself to route all of its traffic destined for points throughout the West over the Pittsburgh & Lake Erie—New York Central Lines. In return the Western Maryland will receive a large proportion of the vast merchandise movement collected in the West by the network of New York Central lines and destined to points in the Southeast or for shipment through the port of Baltimore.

Under the traffic arrangement made with the Pittsburgh & Lake Erie, it would seem that the logical destiny of the Western Maryland would be for absorption into the New York Central system. Whether or not this will be done in view of the 22-year traffic agreement is uncertain. The Vanderbilt interests have acquired a big block of the stock, and the remainder of the stock is very closely held by the Rockefeller and Deutsche Bank interests and George J. Gould. The floating supply of stock is small.

It is expected that this route will be largely used by the New York Central Lines in reaching tidewater. As the shorter than the port of New York and Boston and more economical on account of the easy grades, the Western Maryland's maximum grade over the Alleghenies will be 41 feet to the mile comparing with the Baltimore & Ohio's maximum of 53 feet and about the same for the Pennsylvania. What this increased movement through Baltimore will mean to that port can at present only be approximated. That it is expected to be heavy is indicated by the fact that the new line being made to increase the Western Maryland's terminal and storage facilities at tidewater. The company for the past year has been adding to its water front property, has acquired large storage yard properties outside of the city and is preparing to increase its capacity for handling traffic at Baltimore up to that possessed by either the Pennsylvania or the Baltimore & Ohio.

The fact that the new extension, which is expected to revolutionize the future of the Western Maryland, was financed with common stock, reflects the company's confidence in the future. The new extension, within a reasonable length of time, will increase the gross revenue up to about \$11,000,000 per annum, or double the amount now derived from the existing mileage. In the present fiscal year the property will be operated at less than 8 per cent of gross. When the extension is completed the ratio should run as low as 40 per cent or below.

On this basis the company will earn in the neighborhood of \$10,000,000 net income available for fixed charges and taxes if the new extension turns out as prominently as its promoters look for. This will mean earnings of over 7 per cent on the \$200,000,000 common stock after payment of 1 per cent dividends on the \$10,000,000 preferred. Balance for the common will be large in the same proportion that the company proves its ability to reduce operating ratio below 10 per cent. Any saving in operating ratio will be directly available for the stock.

The U. S. Steel Not for Monopoly

WASHINGTON, D. C., June 8.—The investigation into the purchase of the Tennessee Coal & Iron Company by the United States Steel Corporation was continued before the Senate Commerce Committee yesterday afternoon. Before the committee was called to the stand Chairman Stanley Clayton, who presided, Judge Gary, who presided over the trial of the Tennessee Coal & Iron Company, and the disposition of his coal and iron holdings, bringing in the names of Messrs. Frick and Mellon as principals in the transaction with regard to Whiskey. He also, by inference, asserted the control of Pittsburgh coal by these two gentlemen, Judge Gary said that he was personally unfamiliar with the transaction. It was all on record in court proceedings and accessible to the committee.

He had never heard that Mr. Frick and the Mellon controlled the Pittsburgh Coal Company. He admitted that the United States Steel Corporation was arranging with the Pittsburgh and Monacahele companies for a portion of their coal acreage but not for stock in the company nor control of them.

Mr. Hall, in his testimony yesterday, denied, under questioning by Chairman Stanley Clayton, that he had been told by the Senator that the Steel Corporation was negotiating for the control of the two coal companies.

Mr. Hall also told the committee that it was the purpose of the Steel Trust to ship the coal from the Tennessee Coal & Iron Company by rail which he thought would be a better thing for the city in many ways. He thought the coal should be utilized in the Pittsburgh district and said there was a wide-spread and pronounced sentiment to this effect in the community. Mr. Hall also charged that under an oral contract between the Steel Corporation and the Pittsburgh Coal Company the former had been getting coal for less than cost to the latter. Judge Gary here interrupted Mr. Hall to remark:

"That doesn't constitute ownership." To which Mr. Hall replied: "You don't need ownership. Your contract is better than ownership."

Returning to the absorption of the Tennessee Coal & Iron Company, Mr. Clayton asked what effect the action relieved the financial situation from Washington. That President Roosevelt would allow the deal to be made, Mr. Gary said. "I don't know that the committee think about it. I myself believe that the action of the President in this connection was a case of real constructive statesmanship."

"Destructive as well as constructive," suggested Chairman Clayton. "It was not destructive," insisted Judge Gary. "We did not acquire the property of a competitor of any consequence. We did not want to create a monopoly of the steel business."

Mr. Gary further stated that the United States Steel Corporation never

Over-Worked Girls

Read What This Girl Says:

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I had a hard time and I told a friend of mine that I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sick for two years and overworked myself, and had such bad feelings every month that I could hardly walk and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Vegetable Compound and I am entirely cured. I think it is the best medicine in existence."—Miss Cecilia M. Bauer, 1101 Lawrence St., Appleton, Wis.

THIS GIRL SAYS IT IS WOMAN'S BEST FRIEND: Chicago, Ill.—"Your Compound cured all my troubles and I am feeling strong and happy and able to work now. Wherever I go I shall praise Lydia E. Pinkham's Vegetable Compound, as I think it is woman's best friend. I have told all my friends the good it has done me."—Miss Maggie Lechner, 2418 So. Whipple Street, Chicago, Illinois.

Lorimer, Iowa—"I had a heavy cold in the spring and got all run down and was irregular. I had no strength and had bearing down pains in my sides and back, and was very nervous and excitable. I took Lydia E. Pinkham's Vegetable Compound, and I am all right again, and stronger than before."—Miss L. E. Williams, Lorimer, Iowa.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does it without. She knows it will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She will gladly furnish a health free of charge. Address Mrs. Pinkham, Lynn, Mass.

wanted a monopoly of the iron and steel business of the country. "We consistently have opposed securing a monopoly," he said. "We know that the very worst thing that could happen to the United States Corporation is to secure a monopoly."

"How long have you been afraid to try the full control of the trade?" Chairman Clayton asked. "Ever since the corporation was organized," replied Mr. Gary. "I can show you articles written by me as far back as 1904 in which I maintained that neither I nor the Steel Corporation favored a monopoly or a restriction of trade. I always have felt that a monopoly of the steel business was not in the interest of the country or the Steel Corporation."

Auto Club Run to Ligonier Springs

The touring committee of the Auto Club of Fayette County has arranged the first club run of the season for Saturday, June 17. The destination is Ligonier Springs Hotel, Ligonier, Pa. Members from Brownsville, New Salem, Mount Union, Smithfield and Uniontown territory will leave Uniontown at 7:30 A. M., passing through Connellsville at 8:15, where the members from Connellsville, Dawson, Star Junction and Bellefonte territory will join the run. The cars will arrive at Ligonier at 12:30 P. M. Returning start will be made from the hotel at 1 P. M. Saturday. Those who stay over and return on the next day will start at 2 P. M. The distance is 44 miles, over some of the best roads in Western Pennsylvania, 30 miles being brick and macadam.

The run is intended for a one-day run, but any parties wishing to stay all night and come home the next day can easily do so. The hotel rates to the club will be 10 cents and breakfast 10 cents for each car. Cards and dancing at the private ball room of the hotel. All hotel arrangements will be made by the committee in advance. Carriage accommodations are good and are on the hotel grounds.

Five cars of the members of the touring committee will be distributed through the procession, and the rear car will have in it five of the best automobile mechanics in the county with supplies, whose duty it will be to assist anyone in trouble of any kind.

ANOTHER WONDER OF SCIENCE.

Biology Has Proved That Dandruff Is Caused by Germs.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Novobair. Herpelide was put on the market. It is a scientific preparation that kills the germs that make dandruff and scurf by digging into the scalp to get at the root of the hair, where it lays the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to the Herpelide Co., Detroit, Mich.

One dollar bottles guaranteed. Grubham & Co., Special Agents.

The sale is customary at this season for the adjustment of stocks and only suits from our regular lines, that remained unsold this Spring are included. Select any color, style or fabric from the special lots arranged to get at easily and pay just half the marked price.

Standard Grades of Muslin

In muslins, sheetings, cases, tubing and the like, please keep in mind that only grades of a standard quality, well known for their years on the market and better known for the long period of service one gets out of them. Our prices for these strictly first class products will often be found a cent or so less than you are sometimes asked for goods of an inferior grade. Our idea is to keep a domestic department as well stocked with everything of a household nature as other sections with their respective lines.
